Matter MAT-2026-0530 — Pratim Logistics Pte Ltd — Employment Documentation

From: Daniel Ong (CFO, Pratim Logistics) <d.ong@pratimlogistics.com.sg>

To: Jonathan Wee <jwee@weecorp-law.com.sg>

Date: 8 July 2026

Subject: COO hire — contract and NDA

Jonathan,

We are hiring a chief operating officer from a competitor. Two things: an employment agreement with restrictive covenants that will actually hold, and a mutual NDA for the diligence discussions we are having with a potential acquirer.

On the covenants — the candidate is coming from a direct competitor and they will almost certainly write to us. Please make sure we are on the right side of the line.

Daniel

Daniel,

Will do. Restraints will be drafted in cascading form — twelve months, then nine, then six — so that if the longest period is struck down the shorter ones survive. Non-solicitation of employees and customers is the more defensible protection; a blanket non-compete is not, and I would rather not rely on it as the primary shield.

Please also send me the candidate's existing contract with the competitor if you have it. We need to know what they are already bound by before we advise on inducement risk.

Jonathan
